*We, the class of
nineteen hundred and thirty-five
respectfully dedicate this annual to*

JOHN C. DIEHL

*in appreciation of his long and active service
in the public schools of Erie.*

Including the present class we have graduated 1460. We are proud of our graduates. Our district attorney told me that high school graduates are fine, law-abiding citizens. This has been true of our graduates of East High.

Our graduates are our best recommendation. Their conduct in life reveals their training. It is our ambition at East that every student, whether he graduate or not, fit better into his community and live a life of service. May you, Seniors, as you go out continue to uphold our traditions.

—*J. W. Ray.*

BOOK ONE

CLASSES

The Midyear Class of 1935

Seniors, Banquets, Proms, Class Rings, Commencement—all these were distant thoughts as we entered high school. We had first come out of junior high and had been given the name "Freshmen." But the new name brought with it nothing but the opportunity to choose our own subjects and to participate in the school events.

We waited. Now we decided that we could help bring honors to our school. Football, basketball, and all the other scholastic and athletic activities were benefited by our contributions.

Now we were gaining prestige. We had a place in all the activities of the school. Thus our sophomore and junior years were passed.

Finally, **we** were classed as Seniors. In our midst were the stars and champs of East High. In this last year all our dreams were realized. Finally the day came when we, the Class of February, 1935, took our places on the platform for the climax of our school career—Commencement.

We are now a part of another school—the school of the world. Let us hope that the advice and experience we obtained at East will carry us to our goal in this school.

June Class

June, 1935! and another class is about to graduate from East High School. Just another graduating class to some—but to us it is the final attainment of a desire six years old.

Six years ago our class entered East, even then dreaming of the senior year. Since then there have been many changes. We have been somewhat diminished in numbers but improved in quality. A few of the old faces have gone while others have joined our ranks.

Our first two years at East were little different from our years spend in grade school. Things were a little vague to us and we had very little school spirit although we did feel that we were at last growing up.

With our freshman year came an awakening. Still rather unknown, we were, however, a real part of the school life. We were even recognized by the upper classmen by having our names in the annual.

In our tenth year we began to enter into the activities of the school. We were held in a little more respect—especially by the poor “freshies”—and we began to look forward to the next two years of high school when we would be looked-up to and respected by the whole school—those next two years which seemed then so far distant.

As juniors we were ready to conquer the world. We looked with scorn upon those beneath us, and even regarded the seniors with a certain amount of smug pity, perhaps not unmixed with envy—pity because they were to leave school days behind so soon; envy because they were our superiors.

But, alas, these years have come and gone too quickly, and now we are about to join the alumni of East High. Our senior year has been a happy and successful one. Our class has tried to carry on, to be a credit to those before us. And now as we are about to graduate we are looking forward to the life which stretches ahead of us and hoping that it will be as happy and successful as our school life for the past six years has been at East High School.

The results were as follows:

No decision with Beaver Falls, Lawrence Park and Girard.

East won from West Millcreek 4-0, Warren 4-2, Jamestown 4-2, North East 4-2.

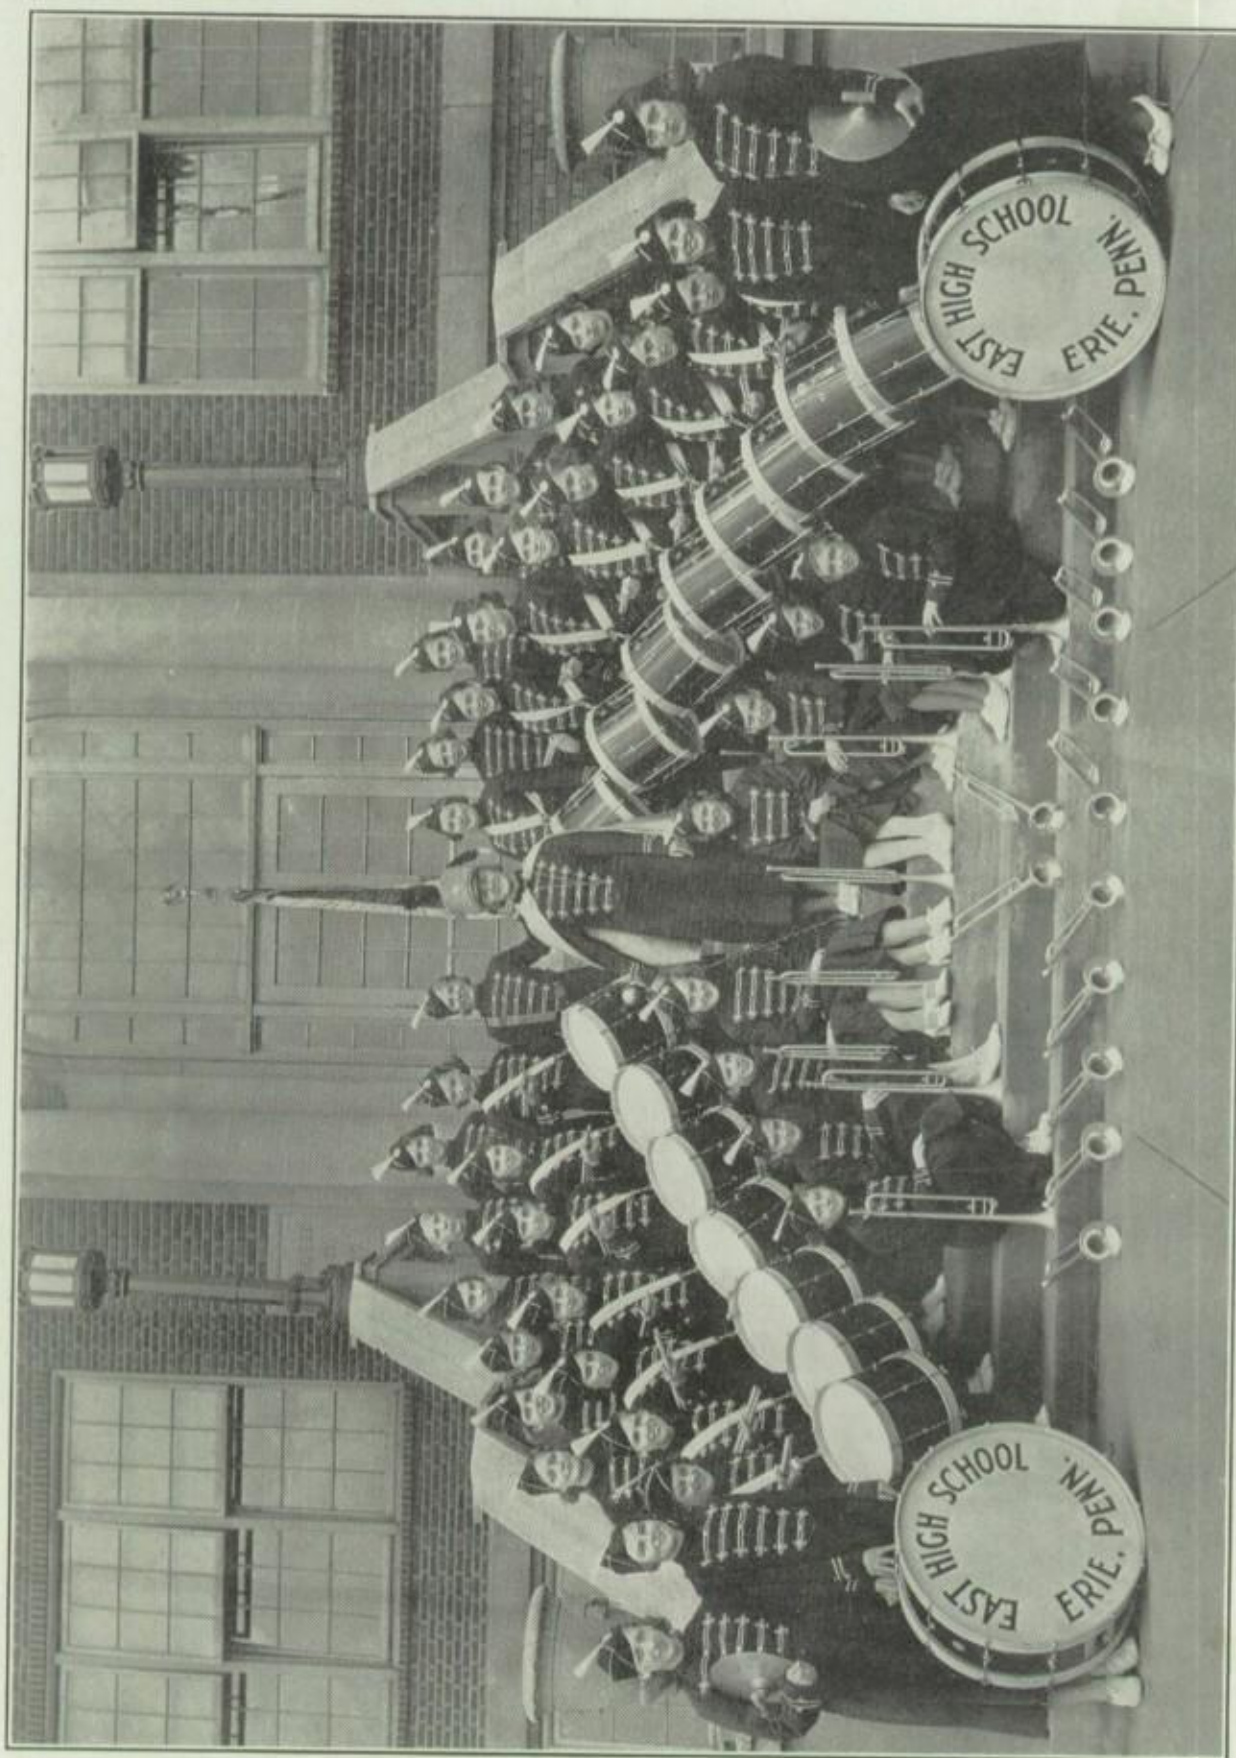

Tied with Strong Vincent and Niagara Falls.

East High and Strong Vincent are tied for first place in the city.

East High School entered the Western Reserve University Speech Tournament and placed second in the radio debate. Will Schaaf won second place in the extemporaneous speaking contest at Cleveland Ohio.

The club wishes to express its sincere appreciation to its coach, Mr. Michalski.

—Will Schaaf, Pres.

Drum and Bugle Corps

The girls' Drum and Bugle Corps of East High School was organized in the spring of 1934 under the supervision of Mr. D. C. Kellogg. It made its first appearance in the Memorial Day Parade of that year. There are forty-two girls in the corps including the drum major, and the flag bearer.

A junior corps has been organized to replace the original members, when they graduate.

Although considerably smaller than the annuals of previous years, the 1935 Sunrise has been compiled only after a great deal of thought and work by the Sunrise Staff and the Faculty Advisers. So much has had to be condensed, and condensed in such manner as to make our annual a worthy publication of East High that much time and labor has been expended on it.

As editor of the Sunrise, I wish to extend my thanks to the staff members, all of whom have cooperated so earnestly in this project: to the stenographers for their excellent work in organizing and typing the material; to the literary department for their efforts to make the reading matter interesting; and to the financial manager for attending to the finances of the production.

I also want to express my appreciation to the faculty advisers, who through giving their time and valuable aid have really been the ones to make our annual possible:

To Mr. Heck for using his keen business ability in the publishing of the annual.

To Miss Burns for her help as literary adviser.

To Miss Gerboth for her supervision of the typing.

To Mr. Harbold for his work in collecting and circulating.

Finally, although not regularly appointed members of the staff, special mention should be given Charles Rectenwald, Francis Heid, Joseph Scheffner and Richard Heibel, who so ably assisted us in the arrangement of this book, also the student body, the faculty, and the Sunrise collectors. The entire staff joins me in thanking them for their aid in making it possible for us to realize a 1935 annual.

—Lois Kilgore,
Editor-in-Chief.
